

DR. PIERCE'S CURE

That the Sick on Transports Lacked Necessaries.

HE ANSWERS A ROAST

Alleging That He Mismanaged on the Tartar.

San Francisco, Nov. 4.—The Examiner says that the most sensational report of a military board of inquiry ever sent to the war department from this city was forwarded to Washington from the headquarters of Major General Shafter a few days ago. The document consists of nearly 100 typewritten pages and contains the severest kind of criticism of the methods employed by officers in charge of the sick soldiers who returned from the Philippines on the transport Tartar and Newport on October 30. Upon Major Shafter, the surgeon of the Twentieth Kansas volunteers, who came back on the Tartar, the heaviest censure is laid. Colonel Metcalf, of the same regiment, who commanded the troop ship, General Funston being only a passenger, is indirectly referred to. Many other officers are given a hard measure of criticism, but their names are being withheld until the war department sees fit to make known the details of the report. The board of inquiry, which has so severely criticized the transport service, was appointed by General Shafter two weeks ago at the suggestion of Colonel Alfred C. Girard, chief surgeon in the general hospital at the Presidio. Colonel Girard's desire for an investigation was occasioned by the deplorable condition in which he found the sick men from the transport Tartar and Newport. There were about fifty of them, and nearly all were suffering from dysentery. Three men who came on these transports died a few days after arrival. They were John Fabick and John A. Logan of the Fourth cavalry, and George W. Miller of the Twentieth Kansas volunteers.

Topeka, Kan., Nov. 4.—In reference to the charges of the San Francisco Examiner of the ill-treatment of soldiers returning home on the transport Tartar and Newport, as told in today's Associated Press dispatch from San Francisco, Major Shafter, surgeon general of the Twentieth Kansas, telephones the following from his home at Holton, Kansas:

"The troops on board the Tartar were given every attention possible with the facilities we had for taking care of them. The ship was greatly overcrowded, with no hospital room for the sick. The carrying capacity of the ship was 700, and there were 1,400 passengers on board. There were places in the hospital for twenty-four sick men only, and we had about 200 sick on board. The bunk facilities were not nearly sufficient and part of the men had to sleep on the decks, while the sick had to sleep in their quarters below. They had every attention and every care that could be given them. Dr. Charles F. Hoffman of Columbus, was in charge of them part of the time, and Dr. Henry D. Smith part of the time, while I had general supervision. I knew that the board of survey met in San Francisco, but I was more inquisitive in reference to the men furnished the soldiers. I knew nothing concerning the charges of maltreatment of the sick."

Lawrence, Kan., Nov. 4.—When shown the San Francisco Examiner's statement today, General Metcalf said: "There was a board of officers conducting an examination of the management of the transport service during our stay in San Francisco. Many of the officers of the Kansas regiment testified before this board. I never heard of any testimony which reflected in any degree upon any officer of the Kansas regiment. Regarding the care of the sick, it is perhaps sufficient to say that I never heard a word of complaint from the sick on board the ship. I called daily at the ship's hospital to inquire after the health of the men, and I talked daily with dozens of those who were more or less sick and who needed medical attention and special diet, who were not sick enough to go to bed, and I never heard a word of complaint or an expression of want or dissatisfaction on any of the sick. I know nothing of any serious criticism of Major J. A. Rafter, the regimental surgeon. I instructed him before embarking to be sure to supply his department with everything necessary for the proper care of the sick, and regarded him as competent to manage his own department. I do not believe that any sick man on the Tartar lacked proper medical attention."

Some of the men intimate that Surgeon

"I can truthfully say, Dr. Pierce's medicines did me more good than all I had ever taken before."

These are the words of Mr. O. S. Copenhaver, of Mount Union, Huntington Co., Pa. He says further:

"About twelve years ago I was suddenly taken with a severe attack of the stomach which was so violent I could not walk straight. I consulted a physician and he told me I had a case of dyspepsia, and that I must take his medicine, but it did me no good. I then tried another physician and he told me my liver was out of order and that I had indigestion. I then tried another physician and he told me I had chronic indigestion and that I must take his medicine, but it did me no good. I then tried Dr. Pierce's medicine, and it cured me. I have been healthy ever since."

The "Golden Medical Discovery" is the most effective blood purifier and germicide that modern medical science has produced. It at once neutralizes the poisonous, fermenting matter in the stomach, liver and bowels, and as soon as this is removed by the action of the "Pelle's" it absorbs the inflamed membranes of these organs, putting them into healthy condition to absorb the nutritive elements of the food. It aids and stimulates the action of the digestive fluids of the body and is absorbed into the blood along with the food. It enriches the blood, filling it with vitalizing, strength-giving properties. It produces sound, healthy sleep, and you are more sound, healthy and vigorous than you were before. It is a safe remedy. It contains no whisky, alcohol, opium or any other drug that creates a craving for more.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, protracting a stiffness of the joints, causing the hair to fall out, and completely wrecking the system. S. S. S. is the only blood remedy free from these dangerous minerals. It is guaranteed.

Purely Vegetable.

DYSPEPSIA CURE

After might have had more hospital supplies for the trip, but they say that this was overcome by the raising of a fund with which delicacies from the ship's stores were bought.

Washington, Nov. 4.—The report of the court of inquiry referred to in the San Francisco dispatch has not been received at the war department, although word has been received that it is on the way.

ROBBED THE GRAVE
A startling incident, of which Mr. John Oliver of Philadelphia was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents; guaranteed. At G. Gehring's drug store.

DOUBTS

Full list of municipal officers are to be elected. The campaign has been a spirited one. The result will probably be close.

Salt Lake, Utah, Nov. 4.—The election here next Tuesday will turn chiefly on local issues. The hearing of the campaign on next Tuesday election has but one factor and that is slight, in regard to A. W. McLean's efforts to be the Democratic nominee for senator.

THAT THROBBING HEADACHE.
Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. SEVERED

(Continued from First Page.)

Kham's regiments are out watching the border. Lieutenant Lievelin has retired to Mohndi. The dispatch says that all the mines in Matadelland are being operated and that native labor is obtainable. The natives report that the Boers are retreating in a southerly direction.

Fort Tull, Rhodesia, October 26.—(Delayed in transmission.)—There have been a few skirmishes with the Boers, whose main body has retired southward.

BERESFORD'S NAVAL COMMAND
London, Nov. 3.—Lord Charles Beresford has accepted the post of second in command of the British Mediterranean squadron. Lord Beresford has already selected his staff. The Press Association, which was responsible for the announcement of Lord Beresford's appointment, said later in the day that the admiral, in an interview at Sheffield, denied having been appointed second in command of the Mediterranean squadron. This is thought, however, only to indicate that the admiral regards the publication as premature, for, as announced by the Associated Press when the admiral returned to England from the United States, it was believed in well informed circles then that his appointment to the post mentioned was imminent if it was not already an official fact.

THE WOUNDED REACH CAPE TOWN
Cape Town, Nov. 4.—(Delayed in transmission.)—The arrival of the British wounded from Ladysmith, by way of Durban, last evening created a scene of popular enthusiasm on the part of a large crowd that had assembled to witness the landing. As the poor fellows were brought ashore the crowd cheered and sang "Rule Britannia" and "God Save the Queen." All of the wounded men were benefited by their voyage from Durban and are doing well. A batch of Boer wounded was landed this morning. No demonstration was made.

Berlin, Nov. 4.—Emperor William today received at Potsdam a deputation of doctors and nurses who are going to the Transvaal.

PRISONERS AT PRETORIA
Cape Town, Nov. 2.—(Delayed in transmission.)—A dispatch from Pretoria, under date of Tuesday, says Colonel Molloy, who commanded the British Hussars captured by the Boers, declined, on being interviewed, to give the details of the capture, but praised the treatment he and his men had received at the hands of the Boers. The British prisoners were playing football at the Pretoria camp. They were interviewed. Their officers are anxious to be exchanged. Among the papers found at Durban, according to the Pretoria dispatch, was a congratulatory telegram from Lady Smith to her husband, Commandant General Joubert sent the message to Ladysmith. General Symonds was buried with the fallen Boers.

UNCLES ARE A DEAR, GOOD SOUL
London, Nov. 4.—The weekly papers are taking the lead of the dailies on dwelling on the value of the friendship of the United States. The Spectator says: "Apart from their feelings as kinsmen, the Americans are, we believe, universally aware that we saved them from European intervention during the Spanish war, and would have with delight the opportunity of paying off that debt. That feeling, which is well known on the continent, greatly tends to save the European foreign officers from entertaining rash suggestions."

TWO TO GO FOR PROMOTION
London, Nov. 4.—Gunnery Lieutenant E. Gwynett, of the British cruiser Force, who was wounded by the explosion of a shell at the bombardment of Ladysmith, has been promoted to the rank of commander for services in the field. His legs have been amputated as the result of his wounds.
